

Research Policy and Services

This page is for those wanting research done on one surname during a specific time period from the files, books, etc. that the society has in our library. This research will be done for a fee of \$10.00.

We expect the following information from those requesting research:

- Stick to a specific family surname in a specific time period.
- Please include all alternate spellings.
- Given names with birth and death dates if possible.
- Which city or township the family resided.
- Your name and contact information (including email)

We do not research outside of our library. We do not do Court House research for you. Please allow 6 weeks to answer, as we are only volunteers. We are a non-profit organization with income only from our memberships, selling our publications and donations.

A check made out to **Tuscarawas County Genealogical Society** for the fee of \$10.00, for one specific surname in a specific time period. (If wanting research for more than 4 ancestors it will be an additional \$10.00) The research fee is NOT REFUNDABLE.

A large self-addressed envelope is required. After the search for your ancestors, you will be notified as to the number of pages copied and postage required. Letter-size copies cost \$.50 per page. When we receive your check for the copies and postage, we will mail out the material ASAP.

This donation of \$10.00 does not give you any membership privileges in the Tuscarawas County Genealogical Society.
